

EXPRESSION OF INTEREST

Sale of H.R. Milner Power Generating Station

The H.R. Milner Sale Committee is seeking "expressions of interest" from potential purchasers of a 144-megawatt coal-fired generating station located 20 km north of Grande Cache, Alta.

The previously regulated H.R. Milner station is being offered for sale on behalf of Alberta consumers as part of the province's electric industry restructuring. A Sale Committee consisting of the operator ATCO Power Ltd., Alberta consumer representatives and the Balancing Pool is overseeing the sale. The Balancing Pool manages, on behalf of consumers, the financial accounts arising from the transition to a competitive generation marketplace, and has assumed ongoing responsibilities related to both the sold and unsold Power Purchase Arrangements.

Information on the sale process is available at the Balancing Pool's web site:
www.balancingpool.ca.

Interested parties are required to submit an expression of interest to the Sale Committee's financial and marketing advisor:
