PRIVATE AND CONFIDENTIAL

Balancing Pool of Alberta
McFarlane Tower
600 700 4th Avenue SW
Calgary AB T2P 3J4

**Attention: Mr. Gary Reynolds,
Acting Balancing Pool Administrator and CFO**

Dear Mr. Reynolds:

Re: Genesee Strip Contracts Sold

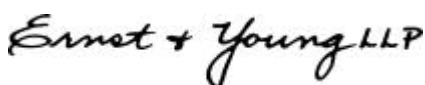

Pursuant to our engagement letter of July 3, 2002 to perform certain services for your organization in connection with the sale of derivatives of the Balancing Pool's capacity entitlements under long-term Power Purchase Arrangements ("PPAs") for the Clover Bar, Sheerness, and Genesee generating stations, the following summarizes our procedures in respect of the third and final phase of the Market Achievement Plan II, the sale of Genesee Strip Contracts, completed March 14, 2003. As a result of this third phase, the Balancing Pool sold all of Genesee's PPA capacity.

As requested and agreed, we undertook the following oversight procedures related to the third phase of the Balancing Pool's auction process as described below:

- On March 5, 2003, we received directly from the Balancing Pool a written copy of the Balancing Pool's reserve and floor prices prior to the receipt of any final bids. We maintained control over this copy until the completion of the auction process.
- We verified that the reserve and floor prices were not altered following the receipt of final bids.
- On March 26, 2003, subsequent to the closing of the bid process, we received copies of all final bids received and details of the successful bids accepted.
- We verified that such bids were not lower than the reserve prices as previously provided to us.

We very much appreciated the opportunity to serve you on this engagement.

Yours sincerely,

G.J. Rodych
